for more information on volunteer opportunities.*

PORT-AU-PRINCE PROJECT UPDATE

ISSUE 17 SUMMER 2024

2024 Year-To-Date Patient Visits

- Visits continue to increase providing medical care 24 / 7 to over 5,400 patients year-to-date. General surgery is conducted 2 days a week and for emergencies and Cesarean sections. Ophthalmology services are provided 1 day a week and dental services 2 days a week.
- Thank you to all who participated in the 2024 Travelers Championship Birdies for Charity program. \$45,000 was raised for improvement in pediatrics and neonatal services at HBLM. The Bonus Bucks equates to the yearly salary for one midwife.
- The portable x-ray machine arrived. A lead-shielded room is under construction and launch of x-ray imaging services is targeted for September. What a difference this will make in diagnosing patients on-site!
- Virtual seminars keep our medical colleagues sharing skills and information. Thank you to Kathy Gauthier, CNM, and Kathy Aries, RN for leading the discussion on breastfeeding and hypertension in pregnancy.
